Company overview

Headquarters:
Ingolstadt, Germany

Founders:
Christoph Nagy, CEO
Ivan Mans, CTO

Founded in:
2012

About SecurityBridge

SecurityBridge is an SAP Security Platform provider developing tools to extend the SAP ecosystem. The company takes a radically different approach to traditional security solutions, believing SAP applications and custom code will be infiltrated no matter how diligently security hygiene is applied. In response to this belief, SecurityBridge created its integrated real-time solution for constant monitoring. Powered by anomaly detection, the SecurityBridge platform can differentiate between accurate results and false positives so that security teams can better focus on real issues. For more information, please visit securitybridge.com.

Company's vision

Christoph Nagy
SecurityBridge, CEO

Cybersecurity is the foundation for many innovations. We continue our mission, to ensure SAP applications and custom code are never successfully compromised by cyber-attacks. Our mission governs the way we do business and is at the thrust of every technology investment — from employing top technologists to providing a world-class SAP security platform.

Founders:

Christoph Nagy
SecurityBridge, CEO

Ivan Mans
SecurityBridge, CTO

About Christoph:

Christoph Nagy has 20 years of working experience within the SAP industry. He has utilized this knowledge as a founding member and CEO at SecurityBridge – a global SAP security provider, serving many of the world's leading brands and now operating in the U.S. Through his efforts, the SecurityBridge Platform for SAP has become renowned as a strategic security solution for automated analysis of SAP security settings, and detection of cyber-attacks in real-time.

About Ivan:

Ivan Mans is a seasoned SAP technology consultant, having worked in the SAP space since 1997 - the early days of R/3. In 2012 Ivan co-founded SecurityBridge, and in his current role as CTO he is a motivated driver, inspires people, and pushes technology, contributing to the continuous innovation of the SecurityBridge Platform. In more recent years, Ivan has been a regular speaker at SAP events, evangelizing SAP security.
